on NCDs: key lessons**

Multisectoral Action for the prevention and control of NCDs and mental health conditions.

Key Lessons from
the WHO Compendium Report

Noncommunicable Diseases or NCDs pose one of today's

Moderation

Katie Dain, CEO
NCD Alliance

Ensuring best practices are reflected at the fourth UN High-Level Meeting on NCDs/MH (HLM4)

- NCD Alliance's advocacy priorities and asks for the HLM4
- Language recommendations for the HLM4 Political Declaration

- Upcoming GCM issue briefs

ACCELERATE IMPLEMENTATION

Fast-track national implementation of evidence-based NCD policy recommendations to achieve progress on health and well-being for all, focusing first on those left furthest behind.

BREAK DOWN SILOS

Bring NCDs to the centre of global health and development agendas to consolidate efforts and achieve more through integrated action.

MOBILISE INVESTMENT

Provide sustainable financing for NCDs across the full continuum of care that is sufficient to match the disease burden.

DELIVER ACCOUNTABILITY

Track, measure and fulfil commitments on NCD prevention and care in the lead up to 2025, 2030 and beyond.

ENGAGE COMMUNITIES

Put people at the heart of the NCD response, engaging civil society, communities and people living with NCDs in decision-making and implementation.

Member State Panel Discussion

**Country perspectives on sustaining multisectoral
action & multistakeholder collaboration**

Moderator
Katie Dain, NCD Alliance

Leticia de Oliveira Cardoso
Director of the Department of
Epidemiological Analysis and Surveillance
of Non-Communicable Diseases
Brazil
